

SUGGESTED TIMELINES FOR APPLYING

The Admissions Team at Gordon-Conwell—Charlotte is here to help you discern and follow our Lord’s calling in your life. We know that the decision to pursue graduate theological education presents many options and challenges. Financing your education usually comes at the top of your list of questions, and we would love to share more about one of the options available to you.

The Partnership Program is our largest scholarship program at Gordon-Conwell Theological Seminary—Charlotte, and is designed to equip students for Kingdom work while relieving the worry of educational debt. The program provides a number of co-curricular activities and resources in Biblical Stewardship, as well as a **Full Tuition Scholarship** that is renewable every year.

In order to apply to the Partnership Program, a student must first be accepted to the seminary, and have reserved their admission. However, as the Partnership Program publishes earlier application deadlines than Admissions, we offer the suggested timelines for maximizing the opportunities available to you as soon as possible.
